

2nd Grade Math/Social Studies/Science

2nd Grade Math/Social/Science: Week 1

April 6-10

- Monday: Complete the first page of Mountain Math (#1 through 5)
Journal Writing Topic Science - Describe how Spring looks to you (any length - I will need a drawing of your description)
Spend some time on IREADY Math
- Tuesday Complete the second page of Mountain Math (#6 through 10)
Journal Writing Topic Social Studies - Arkansas (any length - list what you remember regarding the symbols we have discussed. Would like a picture).
- Wednesday Complete the third page of Mountain Math (#11-21)
Journal Writing Topic Science - Explain social distancing and draw a picture with you in it.
Spend some time on Prodigy or IREADY Math
- Thursday Complete the fourth page of Mountain Math (#22-24)
Journal Writing Topic Math - Use the numbers **10, 4, 6** in a fact family diagram. Remember two will be addition and two will be subtraction.
IREADY MATH or Prodigy
- Friday Complete both sides of Saxon Math Worksheet
Draw and label the parts of a skeleton. (Which one protects the lungs?)

EXTRA ACTIVITIES --

1. Practice writing your numbers from 1 to 200. Make sure the numbers are in the right directions.
2. Draw the shapes we have studied: circle, square, triangle, cone, octagon, rectangle, cube, rectangle prism, hexagon, cylinder, rhombu, sphere
3. Draw a pizza. Divide into equal parts. Practice on the fractional part you may eat. $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$.
