

## 6th grade Math/Science AMI assignments for the week of April 20-24

**Review skill for this week:** Area of Geometric Figures

\* I will be available from 8:00 to 3:00 Monday-Friday. You can reach me by email [dneely@hbgsd.org](mailto:dneely@hbgsd.org), or phone 501-454-5211 if you have any questions or need additional assistance.

Day 1 Monday	
Math	Finish IXLs GG.11 and GG.12 on Histograms. Due at 3:00 today.
Science	Your science assignment this week is to complete the Newsela Assignment "Dream Job: Data Engineer." Complete online if possible. You will need to join my Newsela class. See your email for an invite or follow the enclosed instructions. A paper copy of the article is enclosed if you cannot submit online. If you complete the paper copy, send the answers via a google doc or text me a picture of your completed questions. This will be due Friday.

Day 2 Tuesday	
Math	Attend Zoom meeting at 2 :00 (link will be sent to your email). During this meeting we will review how to find the area of geometric figures by completing the enclosed handout together.
Science	Attend Zoom meeting to share dot plots and/or box plots made last week from weather data.

Day 3 Wednesday	
Math	Begin working on the iReady assignment entitled, "Area of Parallelograms, Quadrilaterals, and Polygons" due Friday
Science	Newsela Article if not complete

Day 4 Thursday	
Math	Continue work on the iReady assignment entitled, "Area of Parallelograms, Quadrilaterals, and Polygons" due Friday
Science	Newsela Article if not complete

Day 5 Friday	
Math	Complete the iReady assignment entitled, "Area of Parallelograms, Quadrilaterals, and Polygons" due today at 3:00
Science	Newsela article needs to be submitted online or via google docs/text message picture by 3:00.
